-The Linck club, of Nashville, which retends to clamor for a three hundred lollar game, was defeated a few days ago by the Nashville club. The Nashville Banner of the eighteenth, commenting on the game, says: Lincks are not disheartened by their defeat, and still say they are willing to play any club for three hundred dollars a side. Up to date they have received no answers to any of their challenges to clubs in southern cities." There are just two clubs in this city—the Memphis and the Reds-that would like to play the Lincks. Now play or pay, or be silent bereafter.

-It is doubtless true that the confirmed gossip is either malicious or ignorant. The one variety needs a change of heart and the other a change of pasture. Gossip is always a personal confession either of malice or imbecility, and the young should not only shun it, but by the most thorough culture relieve themselves from all temptation to indulge in it. It is low, frivolous, and too often a dirty business. There are neighborhoods in which it rages like a post. Churches are split in pieces by it. Neighbors are made enemies by it for life. In many persons it degenerates into a chroni lisease, which is practically incurable. Let the young cure it while they may,

for the old cannot. -It will be seen from the following note to Mr. M. B. Trezevant, that Colouel Leath accepts the position to which he was recently elected, a fact upon which we congratulate our people:

DEVLIN DEVILED.

Terrible Befeat of the Louisville Club at Chicago Yesterday by 18 to 0 -Indianapolis Defeats New Haven.

The base-ball world will be surprised to read an account of yesterday's Chi-cago and Louisville game, for nine goose eggs were never dreamed of. We can surely say that the base-ball game at Chicago yesterday resulted in great astonishment, for Devlin was struck by eighteen base hits, the score being Chicago 18, Louisville 0. The Louisville nine are accredited with only three base hits, but ran up to sixteen errors, which evidences beyond a doubt that the Kentucky club botched the game in a manthat can not easily be explained. The Chicago club played brilliantly and well nigh faultlessly, making but e ror in the entire game. The home club got in f. ur scores on the first inning one each on the second, fourth, sixth and seventh, three each on the third and seventh, two on the fifth and ninth. Davlin is now no longer the terror of the west. Yesterday's defeat can hardly be regained by Louisville this season. On the contrary it sends Chicago further ahead and well argues for that club the head of the list.

At Indianapolis, yesterday, the Indianapolis club defeated the New Havens by a score of five to three. The series in this city the latter part of the present month. The St. Louis Reds will play the

Memphis Reds at Central park next Sunday. At New York yesterday the Bostons defeated the Mutuals by 7 to 1, the former getting in two each on the fourth and seventh innings, and the latter saving a clear sweep by one run on the fifth inning, but failed to earn a single thing. The summary gives Boston one base on errors and the Mutuals two. The game was one-sided, the Bostons earning five runs out of a total of seven. At St. Louis, the St. Louis club beat the Cincinnati club, as everybody knew would be the case, the score standing nine to one, the latter goose-egging in every inning save the fifth. The Browns made two on the first inning, one each on the second, third, fifth and sixth and three on the seventh. The summary gives the Brownsthree earned runs, eleven base hits and five errors, and the Cincinnati club five base hits and seventeen errors.

A ALUM SPRINGS.—Owing to the depressed condition of the country, the proprietor has determined to lower his charges, that all may be able to derive the benefits from the use of these justily ceiebrated waters. They need no recommendation, since they have so fully established their efficiency through the thousands who have been brought from desth's door to renewed health by the use of their wonderful medicinal waters. Since last summer the Chaiybeate Spring, which was opened last year, has been thoroughly analyzed by Professor M. B. Harden, of the V. M. I., of Virginia, and by comparison shows it to be fully as strong as "Rawley" of carbonate of lion, having a small quantity more than one and a small quantity less than the other two springs. So in addition to the water that has made these springs so famous, the proprietor takes pleasure in announding that the can from Memphis, immediately on the Memphis and Charleston Relirond, will be opened for the reception of guests on June 15th.
